Portfolio:

PROFILE

GIS and Remote Sensing student with a solid foundation in spatial analysis, cartography, and geospatial data management. Proficient in using ArcGIS, QGIS, and remote sensing tools for environmental and urban planning projects. Eager to apply analytical and technical skills to support real-world geospatial initiatives and contribute to innovative mapping solutions as an entry-level professional.

EDUCATION

- M.SC in Remote Sensing & GIS from
JIS University, KOLKATA Completed in 2026
- Bachelor in Geography from
Tara Devi Harakh Chand Kankaria Jain College (Calcutta University) Completed in 2024.
- Higher Secondary in W.B.C.H.S.E Board
Bally Girl's High School Completed in 2021

SKILLS

GIS & Remote Sensing Tools:

ArcGIS
Quantum GIS
ERDAS Imagine
SNAP
Google Earth Engine
AutoCAD.
Blender.

Programming:

Python.
SQL.

Soft Skills:

Problem Solving.
Analytical Thinking.
Attention to Detail.
Adaptability.

EXPERIENCE

Work at The Pradhan Mantri Gram Sadak Yojana (PMGSY) Project
Cadastral Map Digitization

2026
2025

ACADEMIC PROJECT

- Ground Water Potential Zone.
- Soil Loss Zonation.
- Run off potential zones.
- Land Side Susceptibility Zone.
- Land Valuation.
- Forest Cover Analysis.
- Surface water Quality Monitoring.
- Urban Facility Analysis.
- Flood Risk Map
- Urban Growth and Change Monitoring.
- Direction Of Urban Change.
- Travel Time Analysis.
